STD Access Gate

Height	STD Width	Price
900mm	920mm	\$85.00
1200mm	920mm	\$95.00

Specifications

Ozsafe Yardmesh® is constructed from 5mm steel vertical wires spaced 65mm apart, and reinforced with 2 horizontal 5mm steel wires. Panels have a folded triangular section top and bottom and gates have a fully welded 25mm x 25mm RHS frame. All Ozsafe Yardmesh® products are fully hot dip galvanised for maximum life span, and can be ordered with an attractive powder coated finish in a great range of colours.

Powder coated finishes attract additional charge and may increase lead times.

Gate widths shown above are actual manufactured size, fitting size needs to include hinges, latches, and posts allowance. All prices shown include GST.
